Dear Mr. Valentine :

I am sorry to be slow replying to your letter.

I have been away from Princeton.

Unfortunately my memory of our activities on Leyte has become very hazy. I do believe there was an operation of the kind you describe but that it was carried out by the Sixth Army's Alamo Scouts. I believe they went ashore with the advance elements of the 1st Cav. Div. ,but I do not know what they accomplished. <sup>try!</sup> Albert Stephens, G-3 at the time, would have known more about this operation than, but I have not kept in touch with him and do not know where he can be reached.

Sincerely,

Robert F. Goheen
